

DHRUVESH BORAD

WEB DEVELOPER

PROFILE

As a Computer Engineer, I prioritize staying informed and continually expanding my knowledge to ensure success in my field. My academic background and practical experience serve as the foundation for adapting to the dynamic nature of technology, allowing me to contribute effectively to the ever-evolving landscape of computer engineering.

EXPERIENCE

WEB DEVELOPER

Codage Habitation

Aug 2022 - Dec 2023

- I have 1+ year of experience at Codage Habitation. During my tenure, I handled numerous front-end projects where I maintained code quality and ensured the development of responsive websites.
- The majority of my frontend work revolved around JavaScript and its frameworks and library, including ReactJS, NextJS, Redux, Material UI (UI), and Highcharts (data visualization). Additionally, I managed backend tasks, working with CMS platforms such as Storyblok and Sanity.
- I successfully managed projects on version control platforms like GitHub, Bitbucket, and Git. Communication was facilitated through Slack, Asana, and Zoom for video calls. I actively participated in close teamwork and even took on a leadership role within the team.

SKILLS

- Maintained Code Quality
- Project Management
- Customize Library Components
- Problem-Solving
- Computer Literacy
- Project Management Tools
- Strong Communication
- R & D
